

REVERSE-A-CRETE

®

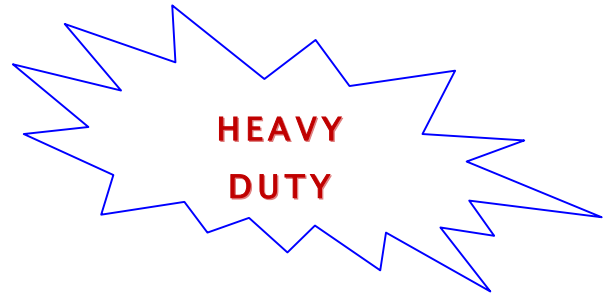

Super Concentrated Concrete Remover

FEATURES:

- Concentrated
- Removes hardened concrete ¼" thick
- Removes grease and road film

BENEFITS:

- Economical
- Faster cleaning
- Detergent based

Reverse-a-Crete is a full strength acidic ph detergent based product designed for thick concrete build up. **Reverse-a-Crete** contains a blend of strong acids, biodegradable detergents and surfactants, wetting agents, rinsing agents, activators and rust inhibitors. Our technologically advanced product is designed to easily remove concrete, cement or mortar from any and all surfaces. **Reverse-a-Crete** contains extra inhibitors to help prevent corrosion. Simply foam, spray, or brush product on surface. Dilutes up to 30:1 w/water.
