FEATURES:

- No harsh acids
- Concentrated
- Non-Corrosive
- Non-DOT regulated
- One step application

BENEFITS:

- No neutralizing needed
- Economical
- Easier on equipment
- Little or no skin irritation
- Faster cleaning

Rust Away is a True “ALL-N-ONE” concrete remover, protectant and anti-corrosion treatment. Rust Away provides environmentally conscious chemistry for the employee, management, and the environment. It creates a barrier to the metal and painted surfaces that stops any existing rusting and any future rusting problems. In addition, Rust Away it leaves a special wax coating that repels concrete, cement, stucco, mortar, and grout. Its safe formulation is designed to remove concrete from ready mix trucks, gunite trucks, pump trucks, concrete saws, pavers, molds, curb machines, tankers, forms and other concrete tools and equipment. **Simply foam, spray or brush product on surface. Dilutes 5:1 w/water.**
